OUR MANUFACTURING PARTNERS

INTERNATIONAL & CANADIAN MANUFACTURING NETWORK

TruNorth Learning Solutions Inc. works with a vetted network of international and Canadian manufacturing partners to supply durable furniture solutions for educational, commercial, healthcare, hospitality, and public-space environments across Canada.

International Capacity

Established production resources support large-scale projects, consistent quality, and dependable supply for institutional furniture programs.

Canadian Expertise

Canadian project support helps align specifications, finishes, delivery planning, and service expectations with local market needs.

Project Reliability

Products are selected for practical performance, clean design, long-term value, and suitability for high-traffic spaces.

Our team supports specification, procurement, delivery coordination, and service for projects of varied sizes.

SECTION 01

Library Shelving Systems

Cantilevered steel shelving in open and closed systems - fully height-adjustable, endlessly configurable, GREENGUARD certified.

Horizon Closed Shelving System

Closed System - Single & Double-Sided

The complete library shelving system - finished on every face.

The most popular Horizon configuration arrives complete: cantilevered steel shelving dressed with end panels, dust-cover counter tops and kick plates. Starter units stand independently; add-on units share a frame to extend runs economically. Every shelf adjusts easily in height, and end panels can be specified in any program laminate - or in custom materials through TruNorth's design service.

FEATURES

- Complete with end panels, dust covers and kick plates
- Starter + add-on construction extends runs economically
- Fully height-adjustable shelves fit all Horizon book stacks
- Single-sided depths 9", 10", 12"; double-sided 18"-30"
- End panels in any program HPL colour, or custom materials

SPECIFICATIONS

MATERIAL Steel shelving, powder coat; HPL end panels

WARRANTY 10-year metal shelving warranty

MADE IN CANADA

Horizon Open Shelving System

Open System - Single & Double-Sided

Bare-bones strength - maximum flexibility per dollar.

The Open system delivers the same cantilevered steel backbone as the Closed system, in a streamlined frame-and-shelf format that keeps budgets in check and sight-lines open. Starters stand independently; add-ons share frames. Because every Horizon shelf style fits every Horizon frame, an Open run can be upgraded or reconfigured at any time.

FEATURES

- Streamlined frame-and-shelf construction
- Starter and add-on units share frames
- Accepts every Horizon shelf style and accessory
- Single-sided depths 9", 10", 12"; double-sided 18"-30"
- Powder-coat steel in six standard colours

SECTION 02

Shelf Styles, Accessories & End Panels

A complete kit of shelf types, dividers and designer end panels that tailor every run to its collection.

Horizon Shelf Styles & Accessories

Component Program

Every collection has its shelf.

All Horizon shelving components are fully height-adjustable and fit every Horizon book stack - so one system serves fiction, reference, picture books, comics, periodicals and multimedia. Specify standard flat shelves, slotted box shelves with 5" or 8" dividers, sloped display shelves, tray shelves, comic and newspaper shelves, pull-out browser bins, reference shelves and more.

FEATURES

- Standard, slotted-box and sloped shelf styles
- Clip-on and findable book dividers, L-bookends
- Pull-out browser bins for picture books
- Face-out, low-back, reference and multimedia shelves
- Riser/filler trims for a finished look
- All styles fit all Horizon frames - reconfigure any time

Designer End Panels

Custom End Panel Program

The designer's canvas at the end of every run.

End panels are where a library's personality lives. TruNorth translates design concepts into workable end panels using steel, aluminum, glass, laminates and veneer - from high-pressure laminate slatwall with aluminum-lined slots to mirrored portholes, graphic 'smiley' motifs and warm walnut. Every panel integrates with Horizon closed-system shelving.

FEATURES

- Materials: steel, aluminum, glass, laminate, veneer
- Slatwall panels with aluminum-lined slots
- Mirrored portholes and graphic motifs
- Wood-grain panels with solid hardwood edging
- Designed to your interior palette

Layout Configurations

Pinwheel - Zigzag - Radius - Mobile

Shelving that shapes the room.

Horizon shelving composes far beyond straight runs. Pinwheel clusters create browsing islands; zigzag runs animate long walls; radius and semi-circle layouts soften sight-lines; glass-panel closed systems bring daylight deep into the stacks. Mobile bases put whole sections on casters, so story time or exam season can clear the floor in minutes.

FEATURES

- Pinwheel, zigzag, radius and semi-circle layouts
- Mobile bases with casters for flexible floors
- Glass end-panel options preserve daylight
- Aerial layout planning provided by TruNorth

SPECIFICATIONS

PLANNING Complimentary layouts and quotations for new or modernized libraries

A wide-angle photograph of a modern library interior. In the foreground, there are several brown upholstered armchairs. Behind them are mobile wooden book displays filled with colorful children's books, arranged in a way that allows for face-out merchandising. The background shows more bookshelves, a desk area with a computer, and large glass doors leading to another section of the library. The ceiling is white with recessed linear lighting.

SECTION 03

Display & Merchandising

Mobile displays and face-out merchandising that put collections to work - and circulation numbers up.

Mobile Tier & Octagon Displayers

53-BC3624R / 53-BC3624S

Bookstore merchandising for the library floor.

Give featured titles retail presence. Mobile three-tier displayers stack 12", 24" and 36" tiers with 12" of display clearance between levels, rolling on four 2" ball casters to wherever attention is needed. Octagon and semi-circle displayers anchor entrances and aisle ends with generous face-out display.

FEATURES

- Three tiers: 12", 24", 36" diameters, 12" spacing
- Round or square tier styles
- Four 2" ball casters
- Laminate construction
- Octagon and semi-circle companions available

Magazine & Picture-Book Display

47-4018-60 - 40-3624-SD - WF-2621-SS

Twenty-six feet of display in a single stand.

The Horizon magazine stand packs over 26 feet of display into a 40" footprint: deep pockets keep issues upright with titles visible, on 18-gauge steel shelves with plywood cores between HPL end panels. Pair it with the double-sided picture-book displayer - four shelves, five dividers each, sloped browsing tops, on casters - and the Story Time unit whose sloped easel sides double as magnetic dry-erase boards.

FEATURES

- Magazine stand: 26+ feet of display, deep pockets
- 18-gauge steel shelves with plywood core
- Picture-book displayer: 4 shelves, sloped tops, casters
- Story Time unit: easel sides, optional dry-erase

Book Trucks & Circulation

From six-wheel pivot trucks to component-built circulation desks - the working backbone of the library.

Steel + Laminate Book Trucks

Series 41 - 4 & 6 Wheel

The six-wheeler turns on a dime - fully loaded.

Horizon book trucks combine all-welded steel frames with warm laminate panels, in single- or double-sided formats with flat, sloped or combination shelves. Every truck stands 44" high on 4" casters (two locking); the six-wheel version adds centre casters that create a pivot point for tight turns in narrow stacks. Optional steel end panels and over-sized casters for thresholds and irregular floors.

FEATURES

- All-welded steel construction, powder coat
- Single or double-sided; flat, sloped or combination shelves
- 6-wheeler pivots on centre casters for tight aisles
- 4" casters, two locking
- Optional steel end panels and over-sized casters

Study & Collaboration

Laptop bars, media tables and shape-shifting collaborative tables for group work and quiet focus alike.

53 Series Laptop Bars

Series 53

Standing-height study, single-sided or four-facing.

Laptop bars turn windows, walls and open floor into productive study space. Single-sided units line perimeters; double bars seat users four-facing. Built from high pressure laminate with peel-resistant 3 mm PVC edging, with 4" privacy panels and two power/USB grommets per unit. Pair with beechwood café chairs for warm, durable counter seating.

FEATURES

- Single-sided or double four-facing formats
- 4" privacy panels; two power/USB grommets
- Peel-resistant 3 mm PVC edging
- Lengths 48" to 96"
- Companion beechwood café chairs (MD-001L/H)

Warranty, Certification & Ordering

WARRANTY

Products in this catalogue are backed by a manufacturer's limited lifetime warranty, with the following exceptions: Ventura chairs carry a 2-year warranty; metal library shelving carries a 10-year warranty; cafeteria tables carry a 5-year warranty on gas shocks with limited lifetime coverage on tops, seats and frames. Individual seating lines note their specific warranty terms on each product page. Chair warranties are based on normal usage of 8 hours per day by persons weighing 250 lbs or less; coverage excludes damage from accident, abuse, negligence, normal wear and tear, or extreme climatic conditions.

CERTIFICATION

Many products in this catalogue are GREENGUARD certified, providing assurance that they meet strict chemical-emission limits for healthy indoor environments, and are manufactured to ANSI/BIFMA performance standards. Certification badges appear on each product page where they apply. Certificates are available on request.

ORDERING & DELIVERY

Furniture is made to order at our partner facilities, with typical delivery of 6 to 8 weeks from receipt of complete order information, including colour selections. Peak seasons - summer back-to-school production and February-March budget close - can extend lead times, so we recommend planning orders early. Standard delivery is to tailgate; inside delivery and installation services are available through TruNorth on request. Replacement parts are available to keep your furniture in service for the long term.
